Dear Mr. Josh Korb,

This is to acknowledge receipt of your Letter of Protest/Comments to the Public Service Commission of South Carolina. Your Letter of Protest/Comments will be placed in the Protest File of the Docket listed below and on the Commission's Website at www.psc.sc.gov.

- Docket No. 2018-319-E - Application of Duke Energy Carolinas, LLC for Adjustments in Electric Rate Schedules and Tariffs and Request for an Accounting Order

A Protestant is an individual objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but cannot cross-examine witnesses offered by other parties.

According to the Commission's Rules of Practice and Procedure, filing a Protest does not make you a Party of Record. A Protestant desiring to become an Intervenor (i.e., a Party of Record) in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission.

You can follow this Docket and other daily filings made at the Commission by subscribing to the Commission's Email Subscriptions at this link: <https://dms.psc.sc.gov/Web/Email>; or you can follow the individual Docket at the link listed below:

Docket No. 2018-319-E - Application of Duke Energy Carolinas, LLC for Adjustments in Electric Rate Schedules and Tariffs and Request for an Accounting Order - <https://dms.psc.sc.gov/Web/Dockets/Detail/116872>

If we may be of further assistance to you, please do not hesitate to contact us.

Sincerely,

Deborah Easterling
 Executive Assistant

Subject: duke energy

hi tom,

born and raised in Greenville sc 40+ years. I live in botany woods and after meeting with 25% of our residents here were very concerned about duke energy wanting to raise our rates. many of us are on fixed incomes and simply cant afford paying anymore as we feel its too high already. recently in nov duke energy replaced my smart meter with a "smarter" meter as they said it was a needed upgrade. since that meter was installed by power bills sky rocketed. my last 3 bills were all over 500 dollars each month while only 300 or less last year during the same peak. this year we also keep the heat 3-4 degrees less then last year and made sure all unused lights were turned off. several others here had the exact same thing happen. Im coming to the town hall meeting on the 14th and would like to know what I need to do to address the commission with my neighborhoods displeasure and fear of a rate hike
